stylewithstrength

the **composite** collection

style **with** strength

The Hurst Composite Door Collection is a breakthrough in door technology, combining proven levels of high security with incredible good looks...

...in fact, quite simply, a door that possesses superior style **with** strength.

Secured by Design

Official Police Security Initiative

Official police security initiative

The Composite Door set is available to meet the requirements of the Secured By Design Licence, the official Police initiative backed by the Home Office Crime Reduction Unit.

“ The tough and durable exterior of the Hurst Composite Door has the true aesthetics of wood without the need for painting or varnishing, making it practically maintenance free. ”

stable doors

Stable Diamond Glazed

The new range of Stable Doors offer rustic charm whilst retaining the benefits of low maintenance and high security. All stable doors are available with either a matching or contrasting glazing trim.

Featuring the Vectis Lock from Era, with the look and feel of a traditional mortice lock combined with the security benefits of a modern multi-point locking system, the Hurst Stable door offers versatility without the compromise of security or good looks.

The Vectis cylinder free multipoint locking system can also be specified on the full range of composite doors if preferred.

Composite 4 Solid Fire Door with Fan Light

Composite 6 Solid Fire Door with Fan Light

The Hurst Composite Door is now available with full British Standard Fire Door Certification on selected ranges.

Outwardly these doors are indistinguishable from the main range of composite doors, thereby offering a truly aesthetically pleasing door with an unsurpassed level of safety and peace of mind that will keep out both fire and intruders alike.

Unlike most fire doors the Hurst Composite range is available with specially developed PVC-U frames also conforming to BS476 fire regulations providing the benefit of a matching maintenance free frame to keep the entrance to your home in complete harmony.

- 30 minute Fire Door conforms to BS476:Part 22:1987
- Fan light options available conforming to British Standard Fire Door Certification
- Hung in a specially adapted matching PVC-U frame
- Fire retardant letterplates and door viewers are available to accompany the range
- Outwardly indistinguishable from Hurst's main range of composite doors
